

Metal Detox

Prep before every color service.

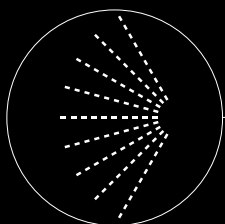

For fine hair.

2 - 3 sprays per quadrant

For medium hair.

4 - 6 sprays per quadrant

For thick hair.

7 - 10 sprays per quadrant

Neutralize metals.

Metal Detox Pre-treatment Spray

- Lightly mist on dry hair 10-12 inches from the hair. Work in sections. Spray enough to cover, but avoid getting hair too damp (see recommended sprays).
- Let air dry, while prepping formulas.
- Do not rinse. No added time needed.
- For best results, follow with system of Metal Detox Shampoo, Mask and Oil.

Pro Tip: Use Metal Detox Pre-shampoo treatment at home to prevent breakage and increase hydration.
